

Recreational Games

Pizza Tag

You will need:

- One frisbee for each player
- A large open space

To play:

- Each player will place their frisbee bottom-up on an outstretched palm (like a waiter delivering a pizza) without grasping the frisbee in any way
- The players will try to knock over each other's "pizza" without having theirs knocked over. Players can only knock the "pizza" out of another player's hands by touching the "pizza" NOT the player.
- Every time your pizza is knocked off your hand you receive one letter of the word PIZZA
- Once you write the whole word PIZZA you are out!
