

Recreational Games

Squirt!

You will need:

- 5+ players
- No equipment needed!

To play:

- Create a large circle
- Appoint one person to be the first player who is in the middle & is "it"
- The player in the middle of the circle will spin around at their desired pace, he or she will then point at another player and yell "squirt".
- The player who has been pointed at must duck.
- The two players directly beside the player who was originally pointed to (and is now ducking) must turn towards each other and duel, point and yell "squirt" at one another
- The winner of the duel is the first person to point at the opponent and yell squirt. The loser of the duel will then replace the player in the middle of the circle. However, if the person in the who was originally pointed as doesn't duck fast enough and is squirted by one of the players in the duel, they are now 'it'.
