

ACHD Travel Directory

This publication is intended to help patients find emergency adult congenital heart care when travelling. It lists the clinic name, city, province/state, and phone number, as well as the names of the medical directors, of more than 100 North American Adult Congenital Heart Disease (ACHD) programs. It also includes programs located around the world.

For the online clinic directory of adult congenital heart disease clinics in the U.S. and Canada please click [HERE](#). It is also available for purchase (\$45 U.S.) - click [HERE](#) for more information.

Thank you to the Adult Congenital Heart Association (www.achaheart.org) for publishing such a useful resource!
