

Canadian Congenital Heart Alliance (CCHA)

Board of Directors Positions Available

The Canadian Congenital Heart Alliance (CCHA) is looking for its next generation of leaders to fill critical positions on our national Board of Directors, the elected group of volunteers who support the work of CCHA and provide mission-based leadership and strategic governance. The CCHA is a volunteer-run charity. Our mission is to improve the quality of life and health outcomes for individuals with congenital heart disease (CHD) by raising awareness, providing peer support and mentoring, advocacy, and advancing research. The CCHA's Nominating Committee needs your help to identify candidates for the Board. We are looking for committed people who have the time and expertise to share with our working board.
