

London - McCormick spices giving day

McCormicks Gives:

McCormicks corp. known for spices and Billy Bee honey has chosen CCHA as it's charity this year. Keeping it in the community funds raised will go to CCHA London chapter-Hearts of London/Middlesex. Money received will be going to research brain function and blood flow after heart surgeries. This is very exciting and we thank McCormicks for all they do for communities world wide.

McCormick's Charity Day:

Since 1941, the Company has held this special day that has become known as "C-Day." Employees work eight hours with that pay being donated to local charities and matched dollar for dollar by the Company. Employees worldwide participate with millions of dollars being donated to local charities as a result. It's a great team effort.

C-day is June 4th this year.
