Join Team CCHA in the 2020 Virtual Walk of Life! <https://bit.ly/WOL2020TeamCCHA>

The Canadian Congenital Heart Alliance (CCHA) is happy to be part of this year's **VIRTUAL WALK OF LIFE!** Even though we can't celebrate in person this year, we are provided with a unique opportunity to come together from all across Canada to raise funds to support those living with CHD. By joining Team CCHA, you will be helping to fund important programs and events such as:

- Awareness materials
- Camps
- Conferences
- Education days
- Support initiatives such as Transition Programs, and more!

You will also be supporting cardiac rehab programs across the country, all while helping to increase awareness for congenital heart disease (CHD) across Canada.

As the only Canadian charity supporting both children and adults with congenital heart disease (CHD) and their families, we are proud to partner with the Cardiac Health Foundation to raise funds for two great organizations.

Thank you for supporting Team CCHA in the WALK OF LIFE!

### **EVENT DETAILS**

When: **Saturday, June 27th, 2020** - Anytime

Where: **Virtual across Canada - Walk, run or play indoors at home, with your family or around your neighbourhood**

Note: It takes 15 minutes to walk 1KM at an average pace. If walking is not an option, please consider doing some physical activity for at least 30 minutes.

\* Don't forget to share your pics with us on social media using hashtags **#WalkofLife2020** and **#TeamCCHA**
